IMPORTANT INFORMATION

The vehicle features an Engine Oil Life System (EOLS) which monitors engine usage to maximise the service life of the engine oil – refer to Engine oil life system in the Owner's Handbook for further details.

- Change engine oil and filter within 1,000 km when **Change Engine Oil Soon** is displayed in the Driver Information Centre (DIC).
- The vehicle must have a maintenance service (incl. oil and filter) at least once every 18 months even if **Change Engine Oil Soon** message has not displayed on the DIC.

Note

- If **Change Engine Oil Soon** is displayed within 3,000 km of the next scheduled maintenance interval, the scheduled service should be performed.

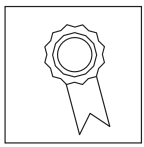
NEW VEHICLE VOLUNTARY WARRANTY CERTIFICATE



New Vehicle Voluntary Warranty Application

This Voluntary Warranty is given by GM Holden Ltd., ABN 84 006 893 232, ('Holden') 191 Salmon St, Port Melbourne Victoria 3207. Holden Customer Assistance: 1800 033 349. The Voluntary Warranty applies to the vehicle identified on the inside front cover of this service booklet. It is provided to the original and subsequent owners/operators driving the vehicle within Australia during the Voluntary Warranty Period.

This benefits conferred by this Voluntary Warranty are in addition to other rights and remedies available to you under consumer protection laws (including those under the *Competition and Consumer Act 2010)*, which cannot be excluded or limited (referred to as Statutory Rights). This Voluntary Warranty in no way limits or restricts your rights or remedies under such Statutory Rights.

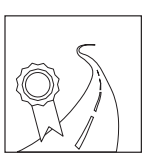
Australian vehicles

This Voluntary Warranty is only applicable to vehicles purchased and operated in Australia.

This Voluntary Warranty does not apply for Holden vehicles exported or operated outside Australia. Similarly, this Voluntary Warranty is not provided for Holden vehicles purchased overseas and imported into Australia.

Voluntary Warranty repairs covered

Subject to your non-excludable Statutory Rights and the exclusions shown on page 3, this Voluntary Warranty covers the correction, of any manufacturing defect to materials or Holden workmanship and advised to a Holden Volt Dealer or Authorised Service Outlet, by repair or at Holden's option by replacement.



Voluntary Warranty period

The coverage under this Voluntary Warranty commences from the date of first registration (or in the case of a demonstrator vehicle the date when the vehicle was first placed into service by the Dealer). This coverage expires at the end of the period of 3 years after the commencement date or after the vehicle has travelled 100,000 kilometres, whichever occurs first.

Additionally, Voltec® components coverage expires at the end of the period of 8 years after the commencement date or after the vehicle has travelled 160,000 kilometres, whichever occurs first.

NEW VEHICLE VOLUNTARY WARRANTY CERTIFICATE cont.

Voltec® components

The Voltec® components warranty covers any Voltec® component defect related to materials or workmanship occurring during the 8 year or 160,000 kilometres period for the following:

High Voltage Propulsion Battery, High Voltage Wiring, Voltec® Control Modules, E-Compressor, Traction Power Inverter Module (TPIM), Accessory Power Module (APM), Voltec® On-Board Charger, Brake Modulator Assembly, Electric Drive Unit Assembly and 3-Phase Cables.

No charge

Warranty work performed under this Voluntary Warranty (including parts and labour) will be carried out at no cost to the vehicle owner. However, this work should not be confused with servicing specified in the Maintenance schedule in this service booklet for which a charge is payable.

Statutory Rights

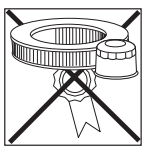
Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

NEW VEHICLE VOLUNTARY WARRANTY CERTIFICATE cont.

VOLUNTARY WARRANTY EXCLUSIONS

Damage

Your Voluntary Warranty does not extend to the following damage: damage caused by an accident, fire, theft or moving objects striking the vehicle (including inside the vehicle); damage as a result of towing; damage caused by industrial fallout, chemicals or sealants; damage caused by atmospheric fallout or flood, hail, salt, etc.



Maintenance items

Your Voluntary Warranty does not extend to services such as brake adjustment, brake replacement, replacement of filters, wiper rubbers etc., which are required as part of normal vehicle maintenance (refer to the service matrix in this booklet).

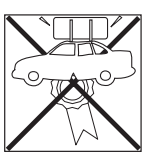
Tyres

The tyres fitted to your vehicle are not covered by this Voluntary Warranty. However, they may be covered by the tyre manufacturer or under your non-excludable Statutory Rights.

12 volt auxiliary battery and bulbs

12 volt battery and bulbs are warranted for 12 months under this Voluntary Warranty.

Note The Voltec® High Voltage Propulsion Battery is covered under the Voltec® components warranty period.



Misuse

This Voluntary Warranty does not cover damage caused by:

(a) misuse or abuse of the vehicle such as by racing, rallying, overloading, etc., or neglect,
(b) operation of the vehicle after the defect is known,
(c) failure to carry out proper maintenance services (refer to the service matrix in this booklet),
(d) use of incorrect types and grades of fuel, oil or lubricants,
(e) alteration or modifications of the vehicle by anyone not authorised by Holden,
(f) fitting of parts or accessories not recommended by Holden,
(g) any work carried out on the vehicle by anyone except an Authorised Holden Volt Dealer or Authorised Service Outlet.

VOLUNTARY WARRANTY QUESTIONS AND ANSWERS

This section is designed to assist you to understand the Holden Voluntary Warranty provided with your new vehicle which is in addition to your Statutory Rights which cannot be excluded, limited or restricted by this Voluntary Warranty.

The following are some of the most frequently asked questions for which detailed answers are provided.

Q 1. How do I go about obtaining Holden Voluntary Warranty service?

It is the responsibility of the Selling Dealer to provide Holden Voluntary Warranty service, therefore, you should take your vehicle to the Selling Dealer whenever Holden Voluntary Warranty service is needed. However, if this is not possible, you may go to any other Authorised Holden Volt Dealer. The details recorded inside the front cover of this service booklet will be required by the Dealer.

Q 2. What should I do if my vehicle becomes unsafe or inoperative as a result of a defect which is covered by the Holden New Vehicle Voluntary Warranty?

You should contact the nearest Authorised Holden Volt Dealer or Holden Roadside Assistance as soon as possible, and arrange for that Dealer to carry out the required Holden Voluntary Warranty Service.

Q 3. What should I do if, in an emergency, Holden Voluntary Warranty Service is required and an Authorised Holden Volt Dealer is not available to provide such service at the time?

Subject to your Statutory Rights, if, in an emergency, a repair, replacement or adjustment (covered by the Holden New Vehicle Voluntary Warranty) is required to enable your vehicle to be operated safely and it is not practical for you to go to an Authorised Holden Volt Dealer, you should contact Holden Roadside Assistance or Holden Customer Assistance Service.

VOLUNTARY WARRANTY QUESTIONS AND ANSWERS cont.

Q 4. Are damage or injury, loss of time, inconvenience, commercial or other direct or indirect loss covered by the Holden Voluntary Warranty?

No, these items are not covered under the Holden Voluntary Warranty. Holden Voluntary Warranty only covers the repair, replacement or adjustment of those parts of your vehicle which are found to be defective in materials or workmanship. No other types of claim for compensation of any kind, even if the same resulted from a consequence of a defect in materials or workmanship in your vehicle, will be recognised under the Holden New Vehicle Voluntary Warranty.

You may have rights under your non-excludable Statutory Rights to claim compensation or other remedies outside of the Holden New Vehicle Voluntary Warranty, but any claim based on those rights should be separately pursued.

VOLUNTARY WARRANTY QUESTIONS AND ANSWERS cont.

Q 5. Will I have to pay for maintenance costs during the Voluntary Warranty Period?

Maintenance costs are not covered by the Holden New Vehicle Voluntary Warranty. The Maintenance schedules in this service booklet specify the minimum maintenance required for your vehicle operating under normal conditions.

Subject to your Statutory Rights, the Maintenance items (except where they are required as a result of defects in materials or workmanship) for which you will have to pay include:

- Engine tune-up, including spark plugs replacement.
- Replacement of all filters, engine and other belts, hoses, wiper blades and clutch linings.
- Cleaning or flushing of fuel, coolant, brake, engine, transmission, power steering etc., after 3,000 km.
- Carbon and sludge removal.
- Maintenance servicing of emission control system devices.
- Adding to (or replacing) lubricants.
- Adding to (or replacing) air conditioning refrigerant, after 3,000 km.
- Any necessary adjustments to drive belts, transmission, clutch, park brake etc.
- Wheel balancing – after 3,000 km.
- Wheel alignment.
- De-dusting or de-glazing of brake linings or pads – after 3,000 km.
- Brake pad/lining wear or damaged brake components due to brake/pad lining wear.
- Clutch lining wear or damaged clutch components due to lining wear.
- Brake disc pad or disc wear.
- Key remote control battery replacement.
- Battery recharging.
- Paint, bright metal finish and trim, due to normal deterioration.
- Body panel adjustment – after 3,000 km.
- Door, or bonnet lock adjustments.
- Glass or channel adjustments – after 3,000 km.
- Body rattle, squeaks and general tightening of bolts, fasteners and fittings – after 3,000 km.
- Chipped glass or breakage.
- Torn or damaged floor mats or carpets.
- Normal wear and tear to trim components.

VOLUNTARY WARRANTY QUESTIONS AND ANSWERS cont.

Q 6. Are my tyres covered by the Holden New Vehicle Voluntary Warranty?

No. The tyres fitted to your vehicle may be covered by a separate voluntary warranty provided by the tyre manufacturer or under your non-excludable Statutory Rights. Any Authorised Holden Volt Dealer will assist you by discussing any queries which you might have with respect to the tyre manufacturer's voluntary warranty, with the tyre manufacturer's representative.

Q 7. Will I have to pay for any costs or expenses in connection with the provision of Holden Voluntary Warranty service?

All parts and labour used in carrying out Holden Voluntary Warranty service at the premises of the servicing Holden Volt Dealer, are free of charge. Whenever Holden Voluntary Warranty service is to be carried out by the servicing Holden Volt Dealer it is your responsibility to deliver your vehicle to the servicing Holden Volt Dealer's premises.

If, as a result of a defect which is covered by the Holden New Vehicle Voluntary Warranty, your vehicle cannot be driven safely and you arrange for the nearest Authorised Holden Volt Dealer to carry out the required Holden Voluntary Warranty service, Holden will accept reasonable towing costs to move your vehicle to the nearest Holden Volt Dealer's premises. Before employing a towing company, contact the nearest Holden Dealer or Holden Roadside Assistance Service or Holden Customer Assistance Service to obtain guidance.

Q 8. Would my vehicle's engine benefit from fuel additives, oil additives or coolant additives not marketed by Holden?

The use of break-in oil, tune-up compounds, friction-reducing compounds and other supplemental additives is not recommended. Your vehicle has been designed, developed and tested by the manufacturer without the use of these additives. Any negative impact or consequences due to the use of additives may affect the validity of your New Vehicle Voluntary Warranty.

Only the fluids and lubricants referred to in the owners handbook should be used.

Unauthorised statements in relation to Holden products

No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance, characteristics, descriptions or fitness for any purpose of any Holden product or in connection with the supply of any Holden product, which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by Holden in its published sales literature, and Holden does not accept any responsibility for such unauthorised action.

SERVICING

HoldenWise

HoldenWise Capped Price Servicing now makes owning a new Holden even more affordable*.

Within the first three years or 60,000 km (whichever occurs first) up to four standard scheduled log book services using Holden genuine parts and factory trained technicians are capped at a low price.

Most vehicles are eligible for HoldenWise Capped Price Servicing, however some exclusions do apply. For terms and conditions and vehicle eligibility on HoldenWise Capped Price Servicing please refer to holden.com.au or contact your Holden Volt Dealer.

*HoldenWise Capped Price Servicing excludes Government, Rental and Not for Profit Fleet vehicles.

Additional service requirements are not included in HoldenWise Capped Price Servicing.

Distance/time based service intervals

The free first inspection is due at 3 months or 3,000 km (whichever occurs first).

The first service is due at 9 months or 15,000 km (whichever occurs first). Thereafter, at every 9 months or 15,000 km since the last service (whichever occurs first).

Additional services are required under certain driving conditions. Refer to *Additional service requirements* further on in this booklet.

The free first inspection

The 3,000 km inspection is performed free of charge by the Selling Dealer. A different Holden Volt Dealer may perform this inspection if provided with a letter of authority or similar. The Selling Dealer may supply this authorisation upon request.

Determining the proper service interval

The operating conditions of your vehicle will determine the service interval. Use the **time** interval or the odometer reading, whichever occurs first, to determine when the service is due. It is important to remember that oils and fluids in your vehicle will deteriorate over time, therefore if your vehicle has not travelled the specified service interval distance, the vehicle **must** be serviced by time interval.

Under certain operating conditions, your Holden may require additional servicing to ensure maximum safety, performance and longevity.

The additional service requirements typically include more frequent replacement of lubricating oils for example, engine and transmission fluids and the more frequent inspection of steering, suspension and brake system components. For more information please refer to *Additional service requirements* further on in this booklet.

Your Holden Volt Dealer will be able to determine the appropriate service requirements for your vehicle according to your operating conditions.

SERVICING cont.

Engine oil life system

If **Change Engine Oil Soon** appears in the Driver Information Centre (DIC), the engine oil and filter must be replaced within 1,000 km and the EOLS reset. The engine oil and filter change should be recorded on the Additional service coupon, pages 21-23.

Note
If **Change Engine Oil Soon** appears in the DIC within 3,000 km of the next scheduled maintenance interval, the scheduled service should be performed, the engine oil and filter changed, and the EOLS reset. Record on the applicable coupon stub (pages 27-53).

Service coupons

Service coupons are provided at the end of this booklet. When each service is performed, the appropriate coupon is removed. This reveals the next coupon to remind you when the next service is due.

After each service, check that the service has been validated with the Dealer's stamp and signature on the coupon stub. This is important as it not only assists in the determination of voluntary warranty claims, but enhances the value of the vehicle when selling.

Service coupons are provided for each service up to the 210,000 km service. After that time, the Maintenance schedule further on in this booklet should be followed, commencing with the 45,000 km service.

Additional service requirements

If you are driving your vehicle outside of the normal driving operations, you may need to conduct additional servicing. A service coupon and criteria for these additional services can be found in the additional service requirements section of this booklet.

Your Holden Volt Dealer

When it comes to service, remember that your Holden Volt Dealer has the trained personnel and specialised equipment to correctly service your vehicle. Your Dealer invites you to return for all your service needs both during and after the Voluntary Warranty Period.

The safety, economy, emission control, performance and reliability of your vehicle cannot be assured unless regular maintenance is performed, preferably by factory-trained technicians at Holden Volt Dealers.

SERVICING cont.

Voluntary Warranty and service

Subject to your non-excludable Statutory Rights, all maintenance services listed in this handbook, and replacement of service items, are the responsibility of the owner and as such are NOT considered under the provisions of the New Vehicle Voluntary Warranty to be rectified of defective material and workmanship. Items such as wheel alignment, necessary adjustments to drive belts, transmission, clutch and parking brake or any other items which may require servicing due to fair wear and tear are carried out at the owner's cost.

Damage caused by failure to have proper maintenance services carried out in accordance with Holden's specifications may void your New Car Voluntary Warranty. As a result, it is strongly recommended that such services be carried out by an authorised Holden Volt Dealer or Authorised Service Outlet and that you read the New Vehicle Voluntary Warranty section previously in this booklet, so that you are aware of the voluntary warranty exclusions.

SERVICE CHARGES

Lubricants and materials

The owner is charged for all lubricants and materials used, plus labour, at the times recommended on the service coupons.

Brake fluid

Must be changed every 27 months (charge added for brake fluid and labour).

Engine coolant

Must be changed every 63 months (charge added for engine coolant and labour).

High voltage battery coolant

Must be changed every 63 months (charge added for high voltage battery coolant and labour).

Power electronics coolant

Must be changed every 63 months (charge added for power electronics coolant and labour).

Fault repairs

The owner is charged for the repair or replacement of any part found faulty during a service check and not covered by Holden Voluntary Warranty.

Where any deficiencies are noted, such items should be reported to the owner/operator and the extra work authorised.

Additives not recommended

The use of break-in oil, tune-up compounds, friction reducing compounds and other supplemental additives are not recommended; their use not only increases operating costs, but may indeed be harmful to your vehicle.

ADDITIONAL SERVICE REQUIREMENTS

The Maintenance schedule previously listed in this booklet, shows the service items for normal driving requirements. Additional service items are required when driving under any of the operating conditions listed below. If you operate the vehicle under any of these conditions on a one off basis, for example a holiday trip, then an additional service should be performed for that time only. The additional service should include all additional service items that apply to the operating conditions.

Operating conditions

A= Dust, dirt, loose road material.

B= Muddy and wet areas.

C= Dust, dirt, loose road material during constant extended range driving.

D= High speed operation during constant extended range driving in outside temperatures above 35°C.

E= Extended heavy load, high speed operation in outside temperatures above 35°C.

F= When **Change Engine Oil Soon** is displayed in the Driver Information Centre (DIC).

Extra services required

Change electric drive unit fluid every 75,000 km.					**E**	
Inspect front & rear suspension & steering for leaks, wear or damage every 7,500 km.	**A**	**B**				
Replace engine oil filter every 15,000 km.			**C**	**D**		
Replace air filter every 15,000 km.			**C**			
Replace pollen filter every 15,000 km.	**A**					
Replace engine oil & filter within the next 1,000 km. Reset Engine Oil Life System (EOLS).						**F**

ADDITIONAL SERVICE REQUIREMENTS cont.

Additional service charges

- Under vehicle/safety check..... add 0.4 hour
  - Inspect front & rear disc pads for wear.
  - Check all brake, fuel lines & hoses for condition, attachment & routing.
  - Inspect front & rear suspension & steering for damaged, loose or missing parts, wear or lack of lubrication. Check condition of all rubber boots & covers.
  - Inspect all constant velocity joints for damage or torn boots.
  - Check operation of all exterior lights.

- If the electronic drive unit fluid is changed..... add 0.5 hour
- If engine oil & filter are changed ..... add 0.3 hour
- If air filter is changed ..... add 0.2 hour
- If brake fluid is changed..... add 0.5 hour
- If tyres are rotated ..... add 0.2 hour
- If tyres are rotated and balanced (4 tyres)..... add 0.7 hour
- If the pollen filter is changed..... add 0.2 hour

Further servicing required?

As a guide, if you operate your vehicle continually for a period of one month or 1,000 km under any of the conditions listed, then additional services are recommended. If you consider that further servicing may be required, consult your Holden Volt Dealer.

ADDITIONAL SERVICE REQUIREMENTS cont.

Additional service coupons

These coupons are for recording additional servicing and, engine oil and filter changes as required by the EOLS. There are more coupons on the following pages.

This inspection is provided free of charge.

Under bonnet

- ❑ Check fluid levels: brake & washer. Check coolant % with tester & check level (pressure test if level low).
- ❑ Check for signs of deterioration and/or leaks from the engine, fluid reservoirs, air ducts, all hoses & clamps.

Under vehicle

- ❑ Check engine & transmission for leaks.
- ❑ Inspect tyres for irregular wear or damage. Check air pressures & for wheel damage.
- ❑ Check wheel nut torque.
- ❑ Check all brake, fuel lines & hoses for condition, attachment & routing.
- ❑ Inspect front & rear suspension & steering for damaged, loose or missing parts, wear or lack of lubrication. Check condition of all rubber boots & covers.
- ❑ Inspect exhaust & adjacent underbody for damaged, missing or misaligned parts, open seams, holes or loose connections. Run the vehicle & check for exhaust leaks.
- ❑ Inspect all constant velocity joints for damage or torn boots.

Vehicle interior and boot

- ❑ Inspect condition of portable charge cord.
- ❑ Check vehicle charging; charging status “Welcome” screen, status indicator light, charging interfaces on IP & touch screen, charge port door operation.
- ❑ Check 12V battery terminals for corrosion (clean as required). Check 12V battery terminals & hold down clamp for security.
- ❑ Check park brake operation & adjust as required.
- ❑ Seat belt inspection. Check webbing condition, buckle operation & retractor mechanism operation.

Vehicle exterior

- ❑ Check operation of fuel filler door.
- ❑ Check operation of all exterior lights.
- ❑ Inspect wiper blades for wear or cracking.
- ❑ Check transmitter range of remote control.
- ❑ Lubricate bonnet catch, hinges & all lock cylinders.

Road test

- ❑ Check braking, steering, electric & extended range operation.
- ❑ Check operation of cruise control.
- ❑ Check park pawl operation.
- ❑ Check air conditioner performance.
- ❑ Check neutral start switch.
- ❑ Check for any outstanding safety recalls.

SERVICE COUPON 15,000 km or 9 months

- 1.0 hour labour

Note If the owner of this vehicle has changed since the last service, refer to the change forms at the front of this booklet.

Under bonnet

- ❑ Check fluid levels: brake & washer. Check coolant % with tester & check level (pressure test if level low).
- ❑ Check for signs of deterioration and/or leaks from the engine, fluid reservoirs, air ducts, all hoses & clamps.

Under vehicle

- ❑ Check engine & transmission for leaks.
- ❑ Inspect front & rear disc pads for wear & discs for surface condition.
- ❑ Inspect tyres for irregular wear or damage. Rotate wheels (if required). Check air pressures & for wheel damage.
- ❑ Check wheel nut torque.
- ❑ Check all brake, fuel lines & hoses for condition, attachment & routing.
- ❑ Inspect front & rear suspension & steering for damaged, loose or missing parts, wear or lack of lubrication. Check condition of all rubber boots & covers.
- ❑ Inspect exhaust & adjacent underbody for damaged, missing or misaligned parts, open seams, holes or loose connections. Run the vehicle & check for exhaust leaks.
- ❑ Inspect all constant velocity joints for damage or torn boots.

Vehicle interior and boot

- ❑ Inspect condition of portable charge cord.
- ❑ Check vehicle charging; charging status “Welcome” screen, status indicator light, charging interfaces on IP & touch screen, charge port door operation.
- ❑ Check 12V battery terminals for corrosion (clean as required). Check 12V battery terminals & hold down clamp for security.
- ❑ Check park brake operation & adjust as required.
- ❑ Seat belt inspection. Check webbing condition, buckle operation & retractor mechanism operation.
- ❑ Check the expiry date of the tyre sealant canister & replace if required.

Service validation 15,000 kms or 9 months

This vehicle has been thoroughly checked in accordance with the 15,000 km/9 month service.

- ❑ Check engine & transmission for leaks.
- ❑ Inspect front & rear disc pads for wear & discs for surface condition.
- ❑ Inspect tyres for irregular wear or damage. Rotate wheels (if required). Check air pressures & for wheel damage.
- ❑ Check wheel nut torque.
- ❑ Check all brake, fuel lines & hoses for condition, attachment & routing.
- ❑ Inspect front & rear suspension & steering for damaged, loose or missing parts, wear or lack of lubrication. Check condition of all rubber boots & covers.
- ❑ Inspect exhaust & adjacent underbody for damaged, missing or misaligned parts, open seams, holes or loose connections. Run the vehicle & check for exhaust leaks.
- ❑ Inspect all constant velocity joints for damage or torn boots.

HOLDEN VOLT
DEALER STAMP

Service validation
135,000 kms or
9 months
Since last service
(which ever occurs first)

This vehicle has been thoroughly checked in accordance with the 135,000 km/9 month service.
Servicing Dealer .....
Engine oil & filter changed: YES/NO EOLS reset: YES/NO
Brake fluid changed: YES/NO
Engine, HV battery & power electronics coolant changed: YES/NO
Date of service..... Odometer.....
Signed .....

Vehicle interior and boot

- ❑ Inspect condition of portable charge cord.
- ❑ Check vehicle charging; charging status “Welcome” screen, status indicator light, charging interfaces on IP & touch screen, charge port door operation.
- ❑ Check 12V battery terminals for corrosion (clean as required). Check 12V battery terminals & hold down clamp for security.
- ❑ Check park brake operation & adjust as required.
- ❑ Seat belt inspection. Check webbing condition, buckle operation & retractor mechanism operation.
- ❑ Check the expiry date of the tyre sealant canister & replace if required.

Vehicle exterior

- ❑ Check operation of fuel filler door.
- ❑ Check operation of all exterior lights.
- ❑ Inspect wiper blades for wear or cracking.
- ❑ Check transmitter range of remote control.
- ❑ Lubricate bonnet catch, hinges & all lock cylinders.

Road test

- ❑ Check braking, steering, electric & extended range operation.
- ❑ Check operation of cruise control.
- ❑ Check park pawl operation.
- ❑ Check air conditioner performance.
- ❑ Check neutral start switch.
- ❑ Check for any outstanding safety recalls.

SERVICE COUPON 150,000 km or 9 months

from the last service (whichever occurs first)

- 2.2 hours labour
- engine oil & filter change
- replace spark plugs
- replace electric drive unit fluid
- if brake fluid changed add 0.5 hour labour plus brake fluid
- if engine, high voltage battery & power electronics coolant changed add 1.5 hours labour plus coolant

Note If the owner of this vehicle has changed since the last service, refer to the change forms at the front of this booklet.

Under bonnet

- ❑ Change engine oil & filter & reset Engine Oil Life System (EOLS).
- ❑ Check fluid levels: brake & washer. Check coolant % with tester & check level (pressure test if level low).
- ❑ Check for signs of deterioration and/or leaks from the engine, fluid reservoirs, air ducts, all hoses & clamps.
- ❑ Replace spark plugs
- ❑ Brake fluid: Change every 27 months (regardless of km).
- ❑ Engine, high voltage battery & power electronics coolant: Change every 63 months (regardless of km).

Under vehicle

- ❑ Change electric drive unit fluid.
- ❑ Check engine & transmission for leaks.
- ❑ Inspect front & rear disc pads for wear & discs for surface condition.
- ❑ Inspect tyres for irregular wear or damage. Rotate wheels (if required). Check air pressures & for wheel damage.
- ❑ Check wheel nut torque.
- ❑ Check all brake, fuel lines & hoses for condition, attachment & routing.
- ❑ Inspect front & rear suspension & steering for damaged, loose or missing parts, wear or lack of lubrication. Check condition of all rubber boots & covers.
- ❑ Inspect exhaust & adjacent underbody for damaged, missing or misaligned parts, open seams, holes or loose connections. Run the vehicle & check for exhaust leaks.
- ❑ Inspect all constant velocity joints for damage or torn boots.
